

**Sisterhood Fund for Education  
Grant Application Form**

The Sisterhood Fund for Education awards grants to support members and affiliates of Congregation Beth Emeth in their pursuit of Jewish learning. The purpose of the grant is to encourage educational and leadership training opportunities for personal benefit and for the benefit of the Congregation. Grants are open to all members and affiliates of the Congregation, with preference given to those who participate in our Hebrew or religious school programs, youth groups, adult or family education programs, and those who have not previously received a grant. Grants can help meet the costs of registration, tuition, transportation, etc. Upon program completion, grant recipients are required to share some aspect of their new knowledge, in an appropriate way, with the Congregation Beth Emeth Community. Grants will be considered as they are received. If you have any questions, please contact Michelle Engelmann at 610-793-3377 or rjh500@aol.com.
